Written Examination Instructions

Dear Examinee,

We are pleased that you have applied for the upcoming exam. Here are few guidelines you need to adhere to during answering.
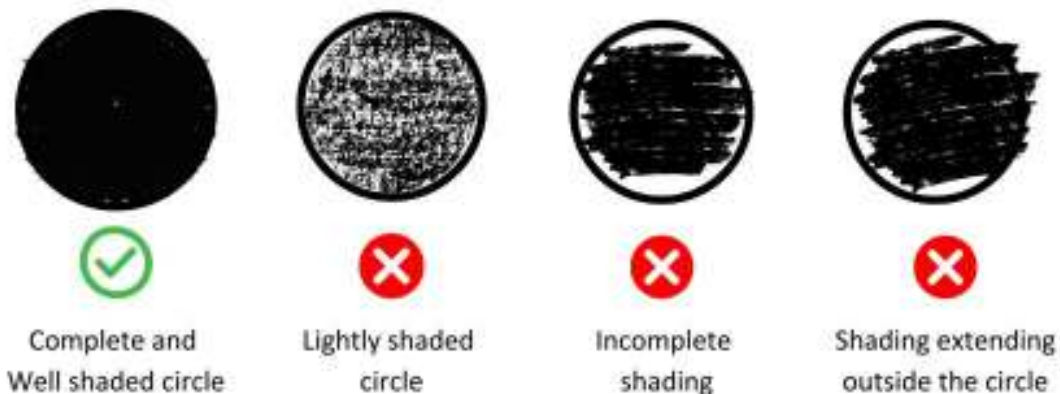

1. **ID and Booklet Code**:

• While Using the provided application number, leave all the first 0 and use the other 4-digit **Use** exam code during the test.

• Shade the circle next to your application number and code correctly; ensuring the depth of shading is consistent with the circle's outline.

2. **Answer Shading**:

• When marking your responses, shade inside the circles fully.

• Ensure that the depth of shading is not lighter than the circle itself.

Proper Shading Techniques

| Complete and Well shaded circle | Lightly shaded circle | Incomplete shading | Shading extending outside the circle |

3. **Correcting Responses**:

• Make your choices carefully before shading.

• If you need to correct a response, completely erase the original marking. Partially erased marks may be counted as two responses during scoring.

4. **Answer Sheet Care**:

• Use a pencil, not a pen, for shading.

• Avoid folding the answer sheet; keep it clean and clear.
